

***Presentation Title: ACFI Cuts – Effects on Providers and Strategies to Cope with Change***

**Presenter: David Cox**, Head of Operational Strategy, Ansell Strategic

Abstract: Uniting Care Australia, Catholic Health Australia, ACSA and Ansell Strategic undertook a survey of the effects of the recent ACFI changes on care practices, income and sustainability, Over 500 not-for-profit homes providing care to more than 20% of all residents in permanent residential aged care responded to the survey. The research indicated that the ACFI changes will have profound and long-lasting effects on the sustainability of the industry. This breakfast session examines the full impact of the ACFI changes to not-for-profit providers. Strategies that can be implemented to maximise both resident outcomes and ongoing sustainability will be highlighted. Alternative funding models that could replace the existing ACFI tool will also be discussed.

[please note: there is no additional cost to attend this breakfast however places are limited]
