**TITLE:** Make it happen: Harnessing Disruption and Change for Success and Sustainability

**ABSTRACT:** When our organisations are required to continually to a constantly, and rapidly, changing world, how do leaders overcome change fatigue, drive engagement and position to thrive? Drawing on experience from leading large-scale change initiatives across the corporate, non-profit and government sectors, Holly focuses on empowering leaders with the toolkit to enhance their effectiveness in leading change. This session will highlight some of the major transformations leaders need to prepare for; explore the keys to engagement; and highlight how we can foster innovation inside our organisations, and in collaboration with others.
